PROFESSIONAL EXPERIENCE

Digital Analytics Specialist - Marketing Intelligence

November 2022 - February 2025

EMBLEMHEALTH

New York City, NY (Hybrid)

- Designed, built, and deployed advanced analytical reports and dynamic executive dashboards to monitor and communicate performance metrics across critical digital marketing initiatives.
- Leveraged historical campaign data and Snowflake data warehousing to forecast potential ROI and optimize resource allocation for upcoming digital initiatives, driving proactive strategic planning.
- Conducted rigorous performance evaluation of SEM/SEO metrics across multiple brands, providing actionable, data-driven insights that directly optimized user experience and conversion funnels.
- Oversaw the data validation, tagging (GTM), and analysis phases for high-traffic website optimization projects, ensuring statistical significance for all reported A/B testing and experimentation outcomes.
- Championed internal data-driven culture by introducing quarterly cross-functional training sessions, elevating team knowledge on analytics tools and campaign measurement best practices.

Digital Marketing Account Manager

November 2021 - August 2022

C-4 ANALYTICS

Wakefield, MA

- Directed the continuous optimization, in-depth performance analysis, and budget management of high-value digital advertising campaigns, maximizing Return on Ad Spend (ROAS) across diverse client portfolios.
- Cultivated and maintained long-term stakeholder relationships through consistent strategic consultation, delivering data-driven performance narratives that formed a core pillar of client retention.
- Partnered with creative and operations teams to iterate on campaign concepts, directly optimizing conversion pathways and identifying key opportunities for increased engagement and return.

C-4 ANALYTICS (CONTINUED)

Lowell & Gloucester, MA

- Architected comprehensive analytics tracking frameworks utilizing Google Tag Manager (GTM) to measure critical marketing metrics, including multi-touch attribution, post-click/view conversions, and e-commerce performance.
- Analyzed real-time cross-channel performance to recommend agile campaign adjustments, resulting in measurable improvements in client customer retention rates and acquisition efficiency.

Lead Digital Account Strategist

August 2018 - April 2020

ADTAXI

Lowell, MA

- Collaborated with Digital Sales Leaders to analyze high-potential prospects, developing campaign concepts and pitches that significantly expanded the regional sales pipeline.
- Provided sales teams with crucial analytical data, market research, and competitive intelligence to construct winning digital campaign recommendations for enterprise prospects.
- Served as the analytical subject matter expert in initial stakeholder consultation meetings, translating complex performance data into clear, strategic solution opportunities.
- Managed performance and campaign architecture across a top-tier portfolio of digital advertising campaigns, partnering with operations to refine structures and maximize ROI.
- Configured advanced GTM tracking and multi-touch attribution models to accurately measure post-click and post-view conversion pathways, proving complete campaign ROAS.

eCommerce UserTesting & UX Analyst

August 2016 - December 2016

POTPOURRI GROUP

Billerica, MA

- Executed comprehensive usability testing and qualitative user surveillance (utilizing tools like Hotjar) across eCommerce platforms to derive actionable user experience (UX) optimization insights.
- Compiled and presented monthly KPI reports identifying critical conversion rate barriers and digital merchandising improvements.
- Developed a custom daily analytics holiday tracker to monitor immediate shifts in product performance trends and user behavior during high-volume peak shopping periods.
- Generated detailed product performance and projection reports that directly informed digital merchandising strategies, leading to measurable enhancements in user engagement metrics.

Monetization Specialist

February 2011 - May 2015

GOOGLE

Fully Remote

- Developed and executed complex monetization strategies for high-volume digital content across YouTube and major publisher networks, scaling revenue growth.
- Streamlined website monetization workflows and partner AdSense setups, resulting in significant increases in qualified traffic and overall monetizable view volume.
- Collaborated with cross-functional engineering, product, and sales teams to implement organic traffic acquisition strategies, boosting platform engagement rates.
- Applied core digital analytics principles to track partner performance, establishing early expertise in web tracking, custom tagging, and KPI reporting.

EDUCATION

Bachelor of Science in Business Administration

May 2017

UNIVERSITY OF MASSACHUSETTS

Lowell, MA
